## March 2<sup>nd</sup> & 3<sup>rd</sup>, 2017

### Des Moines Area Association of REALTORS<sup>®</sup> ActiveKey Exchange Event at the Sheraton! Upgrade to the NEW Supra<sup>®</sup> XpressKEY<sup>™</sup> or eKEY<sup>®</sup>!

#### Why...

- **Compatibility:** The iBox BT LE communicates directly with smartphones and tablets.
  - No additional hardware or key fob is needed for Android (OS 2.1 and newer), iPhone<sup>®</sup> and iPad<sup>®</sup> products (iOS 5.1.1 and newer), and BlackBerry (OS 5 and newer, except BlackBerry 10).
  - Older iPhone and iPad products (iPhone 4, 3GS, and iPad 2) require a small adapter to meet Apple requirements. **Note:** You may need additional hardware if you are showing in a neighboring association with older iBox keyboxes.
- **Choice of Keys:** The Supra eKEY app, and XpressKEY, all work seamlessly with the iBox BT LE. View the [certified device list](#) to see the most common smartphones and tablets you can use as your iBox BT LE key.
- **Larger Key Container:** Gate cards or large keys easily fit inside the iBox BT LE key container.
- **Shackle Release:** Release the entire shackle for easier placement on properties.
